

CURTAIN COPPER OUTPUT

Directors of the Amalgamated Vote to Reduce the Production of Copper 50 Per Cent.

[By Associated Press.]

NEW YORK, Sept. 18.—The directors of the subsidiary companies of the Amalgamated Copper Company at a meeting in this city today voted to curtail the output of these companies by 50 per cent or more of the normal output. This action will take effect immediately. The companies represented were the Anaconda, the Butte and Boston, Boston and Montana, and Parrett Mining Company.

CHAUFFEUR HELD FOR MANSLAUGHTER

COLORADO SPRINGS, Sept. 18.—A. W. Marksheffel, private chauffeur and automobile racer, was arrested tonight on a charge of manslaughter, as the result of a verdict of the coroner's jury which held an inquest over the body of W. H. Ralston, killed with others in an automobile accident here yesterday morning. Evidence shows that all of the parties had been drinking in the red-light district of Colorado Springs, and Marksheffel admitted that his speed, when he struck the fatal hill, was thirty-five miles an hour and that it was physically impossible for him to make the curve in the hill.

BROKER SKIPS FOR OTHER PARTS

SAN FRANCISCO, Sept. 18.—Arthur Doggett, a stock broker, has been missing from this city for a week, and it is said that he left his business affairs in a badly tangled shape. Several persons are said to have suffered from Doggett's method of doing business. Among those who are complaining are Clem W. Rogers, Doggett's business associate, and another man who claims to have been defrauded of several hundred dollars by Doggett.

It is reported that about ten days ago Doggett secured \$560 from a client upon the statement that he had purchased Red Hills mining stock for the client. When this man afterward asked for the mining stock it is said that Doggett was unable to deliver the stock or refund the money. Then, it is said, Doggett appealed to Rodgers to assist him. Rodgers did not come to his assistance. Doggett then visited his rooms, hurriedly packing his things, and stated that he was going to Santa Cruz for a week. Since that time nothing has been heard of the missing man.

BOOKIES CANNOT ENTER. LEXINGTON, Sept. 18.—The Kentucky Racing association today adopted the following resolution:

"Any person who owns, wholly, in part, or is interested directly or indirectly, in any book made on races at any meeting which is licensed by this commission shall not be permitted, while being interested in such book, to race, train or ride any horse upon any track so licensed, and for any violation of this rule the guilty party will be ruled off."

Lexington was denied four additional dates, and Louisville was allowed sixteen days, from October 16 to November 2, inclusive, beginning at Latonia.

SAN FRANCISCO WAS ALARMED

[By Associated Press.]

SAN FRANCISCO, Sept. 18.—The northern section of the city had its first scare this afternoon when flames broke out among a colony of frame structures in the 1800 block on Stockton street. Firemen succeeded in checking the fire after three flat buildings had been destroyed. The fire was caused by an explosion of a plumber's gasoline pot. The total loss was \$35,000.

PASTEURIZED MILK UNSAFE. BRUSSELS, Sept. 18.—Dr. Henry I. Colt of Newark, N. J., at the International Milk Congress yesterday, announced that pasteurized milk, prepared and supplied in large quantities, is unsafe unless kept at a temperature of 50 degrees Fahrenheit, and consumed within twenty-four hours.

VAST HORDE OF ORIENTALS COMING

[By Associated Press.]

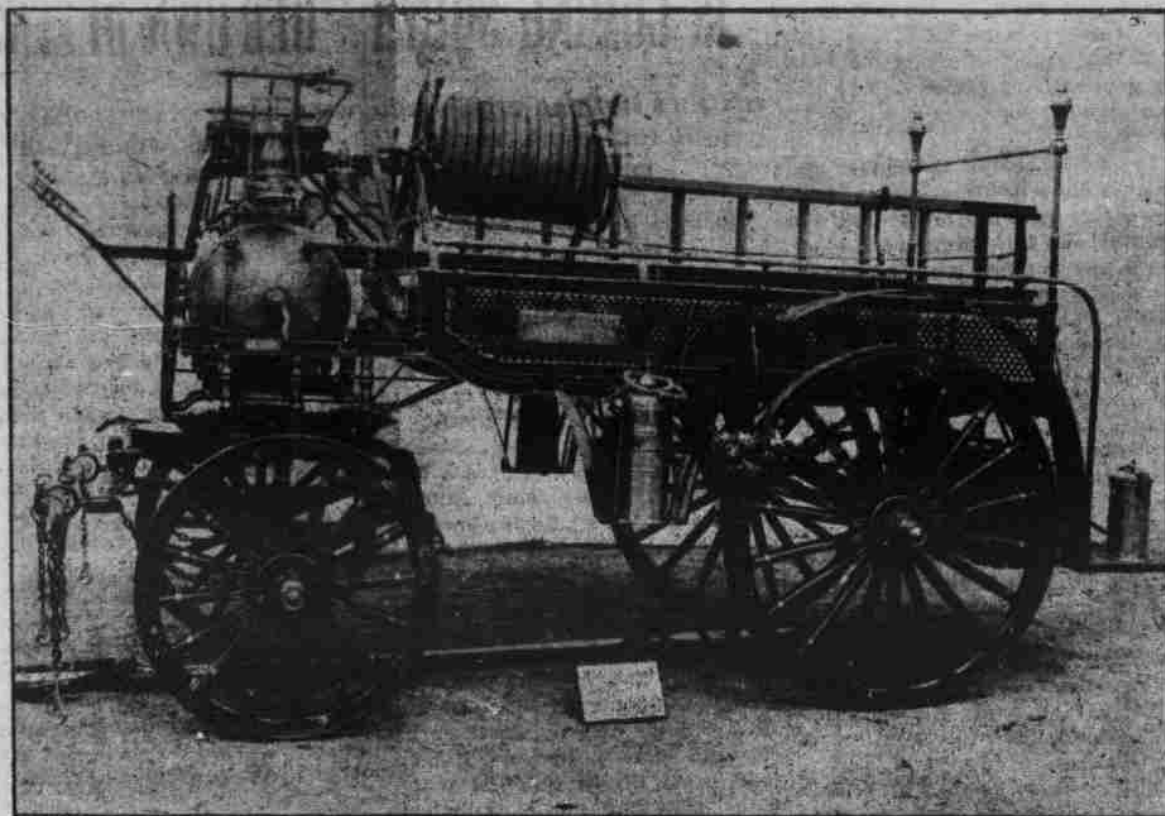

VANCOUVER, B. C., Sept. 18.—Thirty-eight thousand Japanese have been given permission by the mikado's government to come immediately to British Columbia. They will cross the Pacific just as rapidly as steamers can be secured to bring them. The news that Vancouver will see an immigration hitherto unprecedented was received here today by the steamer Woolwich, which brought 230 of the brown men. The steamer Indiana is overdue now from Honolulu with 300.

Best informed circles declare that the dominion government will do nothing at all to prevent the further influx of Japanese, despite the protests of Vancouver. The demand for labor is so great in the interior of British Columbia and on the prairies of the northwest that as many Japanese as wish to come will be allowed to do so. On the other hand, official statements come from Ottawa that Premier Laurier and Delegate Ishii will confer tomorrow and arrange a nominal limit. Nobody in Vancouver believes that even if this limit is declared it will be adhered to. There was no demonstration today on the arrival of the Japanese on the steamer Woolwich.

ANTWERP DOCK STRIKE ENDS. ANTWERP, Sept. 18.—The Maritime Federation today presented a proposal which was accepted by the striking dock laborers and others, calling for an unconditional return to work and the appointment of a mixed commission with powers to examine and determine upon the question of wages.

PAINTER DEAD. PARIS, Sept. 18.—Louis Watelin, the painter, is dead.

Tonopah's New Fire Apparatus

Is Second to None in the West---Should be Here in a Few Weeks---New Fire House About Ready for Occupancy.

The combination engine and hose wagon for the Tonopah Fire Department is on the way. The apparatus was shipped from New York on August 31st, and should be here not later than the first of the month. Chief of the Fire Department Jack MacKenzie is impatiently waiting for the arrival of the machine, and is getting the great team in fine fettle for its arrival.

The machine was constructed by the American La France Fire Engine Company of Elmira, New York, and is known as the Holloway combination chemical and hose wagon. It is a sixty-gallon single tank machine and is said to be the most modern and perfect of the kind in use. Los Angeles has three of them in its department and Goldfield is going to order one. It is all steel and weighs 3460 pounds.

By the time the new wagon arrives here the fire house on the hill will be ready for occupancy, and there will be a thousand feet of new hose here. A test will be made of the wagon before it is accepted by the department, and if it proves to be all right Tonopah will have a department in which it can well take pride.

BONAPARTE IS STANDING PAT

CHICAGO, Sept. 18.—Today's session of the National Prison Congress was held at the Chicago University and the principal feature was an address by Attorney General Bonaparte on "Punishment and Pardon." Bonaparte spoke of the value of discipline as having "miraculous power to radically change human nature," and the necessity of insuring obedience to sovereign will by the punishment of disobedience. The efficacy of any form of punishment, however, he said, must be judged by its results to the community in the diminution of crime. Its effects on lawbreakers themselves, while worthy, are not, he said, of vastly less moment. Bonaparte said he had seen no reason to repent of his suggestion, made in a magazine article some years ago, that an attempt to commit capital crime ought to be made itself capital, and further the commission of a major crime should render the offender liable at the discretion of the court to the death penalty.

CARRIE NATION AGAIN IN JAIL

[By Associated Press.] WASHINGTON, Sept. 18.—Mrs. Carrie Nation was today arrested and locked up to answer to a charge, in the police court tomorrow of disorderly conduct. Mrs. Nation refused when requested by an officer to stop lecturing to 200 men from the steps of the post-office department.

MAXINE WINS BRITISHERS. LONDON, Sept. 17.—After years of striving, Miss Maxine Elliott has achieved a distinct personal success in London. She appeared in the Lyric theater in H. V. Esmond's play, "Under the Greenwood Tree," and the audience was generous in its applause.

The play is full of witty lines, has many comedy situations which amused the spectators, even though British. Throughout the four acts Miss Elliott and her company repeatedly won enthusiastic curtain calls. Miss Elliott impersonated a millionaire girl who, tired of luxurious life, seeks the simple existence of a gypsy. A band of bold, bad gypsies attack her van. The lord of the manor rescues the heroine, whose companion and secretary also finds a soul affinity in the baron who is devoted to the heroine.

RAPID TRANSIT SHOWS DEFICIT

[By Associated Press.] PHILADELPHIA, Sept. 18.—The annual meeting of the stockholders of the Philadelphia Rapid Transit Company, which controls all street car lines of this city, was held today. Annual reports submitted by President Parsons showed a deficit from the year's operations of \$364,048, compared with a surplus of \$303,996 in the preceding twelve months. The gross earnings exceeded \$18,000,000, the largest in the company's history. President Parsons, in his report, stated that in the last two months \$1,217,396 was paid out in payment of claims, an increase of \$263,666 over the previous year. The percentage of earnings required for this purpose has increased in ten years from 2½ or 3 to about 7, or equivalent to a dividend of \$2 per share on the stock. This increase Parsons attributed to the activity of a certain class of lawyers who, aided by physicians, work up damage suits from accidents to passengers on the company's lines.

GOULD ROAD IS FACING STRIKE

KANSAS CITY, Sept. 18.—The Star today says: The Brotherhood of Engineers in Kansas City assert that as a result of a vote recently taken, 97 per cent of their men or the Missouri Pacific railway favor a strike because of the company's refusal to make certain concessions involving the roundhousing of locomotives at the end of the runs. It was said by railroad engineers that a strike of the engineers on the Missouri Pacific railway system would also involve the engineers on all the Gold lines, including the Iron Mountain, the Denver and Rio Grande, the Wabash, the Texas Pacific and the International and Great Northern. There are 1200 engineers employed by the Missouri Pacific and the Iron Mountain alone.

Representatives of the firemen were in Kansas City yesterday canvassing the situation with a view to joining with the engineers in the proposed strike. A conference of the engineers' order and the railway officials will be held in St. Louis this week.

BASEBALL SCORES. SAN FRANCISCO, Sept. 18.—The following are the scores for today's games: Los Angeles 3, Portland 2; Oakland 10, San Francisco 0.

THE DEMOCRATIC TICKET ELECTED

[By Associated Press.] OKLAHOMA, Sept. 18.—Returns from yesterday's election that arrived today and tonight continue to be of the same tenor, that the constitution has been adopted and that prohibition has carried by at least 30,000; that the whole Democratic State ticket, headed by Charles N. Haskell of Muskogee, has been elected by a majority of more than 20,000. In the congressional elections the Democrats seem to have chosen four of the five representatives, according to returns received tonight. The legislature is Democratic by a large majority and will elect United States Senators Robert L. Owens, a Cherokee Indian, and T. P. Gore, the famous blind orator. They were nominated by primaries in June. Haskell, the Democratic candidate for Governor, declares that his majority will reach 40,000. He says that if the people have voted for prohibition he will see that the law is enforced.

CZOLGOLOZ'S ARE COUNTY CHARGES

[By Associated Press.] CLEVELAND, Sept. 18.—M. Czolgoz and his wife, parents of the assassin of President McKinley, have applied to the city charity department for assistance. Czolgoz is 83 years old and his wife is 75 years old.

DRAWING A LONG BOW. Crank Wants a Ship Run as Jesus Would Run It.

NEW YORK, Sept. 21.—"I believe that it is possible and that it would be profitable to run an ocean steamship as Christ would run one," said the Rev. Charles M. Sheldon of Topeka, Kansas, author of "In His Steps," and editor of a paper in his home town, which he conducted along highly ethical lines, according to a local newspaper.

"My trip," he said, "taught me that a vessel run without liquor or gambling attachments would be crowded from stem to stern. The space that is now used as a smoking room could be better utilized as a place in which to hold religious services. The line that first puts on a steamship run as Christ would run one will find a treasure."

INFEST ITALIAN QUARTER

PRACTICALLY ALL INFECTED RATS COME FROM THAT DISTRICT.

[By Associated Press.]

SAN FRANCISCO, Sept. 18.—At a meeting of the health board today, Health Officer Gunn reported on the bubonic plague as follows: Total number of cases to date, 32; deaths, 19; suspects under observation, 19. Dr. Gunn said that the bacteriological work done by Dr. Wherey showed that practically all of the infected rats have come from the Italian quarter in the North Beach district. Supervisor Payot attended a session of the board. He objected to a proposal by Dr. Huntington to address a circular letter to every wholesaler, warehouse man, liveryman and restaurateur in the city relative to the necessity of killing rats. Payot thought the purpose could be best served by addressing a letter to the press. The board instructed the health officer to append such notice to an advertisement he is about to insert offering the board's ten-cent bounty on rats.

Drs. Huntington and Tait, constituting a committee, reported that they are ascertaining what accommodations can be afforded by various hospitals to the 750 uninfected patients soon to be moved from the City and County hospital.

DIDN'T KNOW HE WAS ELECTED

[By Associated Press.]

KANSAS CITY, Sept. 18.—James Ingersoll of Pocatello, Idaho, president of the Uncle Sam Oil Company, testified today that he knew absolutely nothing of the working of the company. "I never have been a stockholder, and never put any money into it," he said. "I never acted in any official capacity as president. I do not know how much the company owes and how much stock has been issued. I did not even know I was president until two years after my first election, which I am told occurred in 1905. This I did not know until I came to Kansas City from Pocatello, Idaho, this summer." Ingersoll's testimony was a surprise sprung by the commercial creditors of the Uncle Sam Oil Company on the newly elected board of directors at a hearing before Judge Hazen, referee in bankruptcy.

PINCHING WOMEN HIS AMUSEMENT

LOS ANGELES, Sept. 18.—Walking leisurely up crowded Broadway this afternoon and pinching every good looking woman he met, Andrew Loin, a well-known hotel broker, created a reign of terror among feminine shoppers. Many of his victims screamed, but he always evaded men whose attention was attracted, until nearly a hundred women had been nipped. Finally he began squeezing ladies and a patrolman caught him. Loin was locked up on a charge of disturbing the peace and will be tried tomorrow. He was not intoxicated and made no denial nor attempt to explain his emulation of Carnuso in New York. A woman who watched him while he pinched thirty or more and tried to call men to her assistance, says it seemed to delight him to see his victims jump when he pinched them severely.

MANY MERCHANTS RUINED.

BRUSSELS, Sept. 18.—From information received by the correspondent it is evident that many merchants in Antwerp are on the verge of bankruptcy on account of the dockers' strike. Corn exporters are especially heavy losers, many millions of bushels of Indian corn remaining unhandled on the quays. The National Bank of Belgium is rushing money to aid the Antwerp merchants.
